Year 9 World War 1 Eastern Front

Possible Battles:
Battle of Tannenberg (1914) – Germany destroyed Russia's Second Army.
First Battle of the Masurian Lakes (1914) Germany drove Russian forces out of East Prussia.
Battle of Galicia (1914) Russia won a major victory over Austria-Hungary..
Brusilov Offensive (1916) – Russia's most successful major offensive, devastating Austria-Hungary's forces.

Your Task: Create a poster/pamphlet about World War I for the Eastern Front. This can be the whole front or can be specific about one battle or army group but include background detail about the participants, battle and outcome.

This needs to be hand written but you can print out photos of the theatre of war/battle.

Year 9 World War 1 Shoe Box Trench Project

During World War 1, soldiers often lived in long, narrow ditches called trenches. These trenches were dug into the ground and were used for protection during battles, providing soldiers a place to stay away from enemy fire. Imagine living in a cramped space filled with mud, and being surrounded by barbed wire to keep the enemy away. This project will help you understand the conditions that soldiers faced in trenches by creating a model using a shoebox and materials you can find at home

Your Task: Create a model of a trench from WW1 using a shoebox and other materials you can find at home!

Websites to Help:

How to Make a Model Trench at Home

BBC Bitesize Life in the Trenches

Extension:

Prepare a presentation about life in the trenches. Use images, poems and your model WW1 trench to help you!

What can I use in my Trench?

Mud >> Coffee

Sandbags >> Tea Bags

Ladders >> Lollipop sticks
